PeopleFluent® Recruiting: Amplify Your Recruiting Power to Find, Hire and Onboard the Best Talent

PeopleFluent Recruiting is a proven global talent acquisition solution that amplifies your recruiting power to attract, engage, select, hire and onboard the very best people.

PeopleFluent Recruiting improves the speed and quality of your hiring and onboarding processes with the power of talent pipelines, mobile-optimized career sites, integrated video and collaborative communication tools, while providing a more positive experience for recruiters, hiring managers and candidates.

PeopleFluent Recruiting capabilities include:

- **Flexible Sourcing:** Whatever your sourcing strategy, our system can help you find the best talent with continuous sourcing, evergreen pools, post-and-fill, multi-seat requisitions and standard talent pools/slates
- **Talent Pipelines:** Work beyond your open requisitions by creating talent pipelines with configurable saved searches and sorting to make your candidate database come alive and ensure a return on its investment
- **Mobile Experience:** Transform your customer career sites into mobile-optimized candidate magnets readable on any device
- **Integrated Video Platform:** Offer video questionnaires for screening, create video job postings, promote company culture and brand, and onboard new employees with video
- **Social Onboarding:** Gives organizations a configurable process for socializing new employees to your company.
