Interactive Floor Plans

Allow your users to view desk availability from a live, interactive floor plan. With Skedda, your organization can easily and quickly implement stylish, interactive floor plans that allow users to book directly from the map.

Administrators and users alike can utilize this feature to get up-to-date availability across your organization. Finding available space has never been this easy.

Skedda 

SAML SSO

With SAML SSO support in Skedda, you can leverage your existing authentication infrastructure to manage user interaction with the platform.

The ability for your people to access the platform with their existing credentials allows for quicker adoption and a seamless fit into the existing workflow of your organization.

Multi Device Support

Skedda, a fully cloud-based solution, allows both administrators and regular users the ability to access the platform from anywhere.

Effortlessly create, edit and manage bookings from your mobile, tablet or laptop. The optimized mobile-friendly platform allows for full access wherever you are.

Skedda 

Safe & Secure

Best practices to protect your data and privacy at all layers of our service

Data Security

Your data security is top priority at Skedda. Our users entrust us to protect their data and we use multi-layer, "defense in depth" practices across the platform to achieve this.

Physical security

Skedda partners with data-center provider Microsoft Azure to ensure all data is handled in the most secure environment with the latest certifications and compliance offerings.

GDPR compliance

Skedda is fully GDPR compliant and have dedicated support resources explaining GDPR principles and how Skedda complies with the GDPR at every level.

Privacy

Customer confidence in privacy is critical to us. Our comprehensive privacy policy ensures peace of mind that data privacy is vigilantly protected across the platform.

We demoed other systems, but Skedda was by far the best. You can grow the system concurrently with your needs and it's all offered on a flexible monthly basis. Our staff are loving it!
