

START SEEING ROI FROM YOUR TRAINING PROGRAM

Discover how thousands of the leading software companies are spinning up training labs in seconds, scaling training, controlling costs, growing into new channels of business, and increasing their bottom line, with CloudShare.

QUICKLY SPIN UP ENVIRONMENTS

"I can provide an environment in 30 seconds. If they have an issue, I can log in, look over their shoulder and fix it for them, without any bottlenecks."

Paul Cleary, Head of Ecosystem Group 

CONTROL COSTS

"The comprehensive policies are a great way to control consumption and make sure we're not exceeding budget."

Itai W, Product Manager 

REDUCE IT SUPPORT

"I wanted to dream up better course materials and improve training quality, not lose sleep worrying over tech issues holding my team back."

Vincent Perquin, Academy Manager 

GROW YOUR BUSINESS

"Since we've introduced CloudShare, we've been able to invest in course development, and in growing the training business tenfold."

Kevin Streater, VP 

INTEGRATE WITH EASE

"This integration has a halo effect on the positive benefits for customers. Customers can focus more time and energy on improving their content than on dealing with how to deliver it."

John Peebles, Administrate CEO 

SCALE YOUR TRAINING

"With CloudShare, Advanced has been able to scale its training programs, building 150+ courses that have already served 19,000+ users."

Dianne King, Group Customer Training Manager
