

Intelligent contracting is here.

Juro is an intelligent contracting platform that embeds AI contract automation in the tools business teams use every day, so they can agree and manage contracts end-to-end- while legal stays in control.

POWERING 2.5M CONTRACTS FOR INNOVATIVE COMPANIES

Why Juro?

AI can finally free your business from contract admin and legal bottlenecks. That's why we're rebuilding CLM for the AI era. Unlike legacy CLMs, Juro is flexible, AI-native, embedded in the tools you already use and can be set up in hours. **The future of legal of work is here. We'd love to show you.**

Richard Mabey,
CEO and co-founder

A contract platform you can trust

compliant signing

INTEGRATE CONTRACTS WITH YOUR APPS

SELF SERVE CONTRACTS

Embed contracts where
your team needs them

Don't bury your teams in routine contract work. Juro enables
all teams to self-serve end-to-end to get contracts agreed faster.

AI CONTRACT REVIEW

Review and redline simple
contracts with AI agents

No more legal bottlenecks. AI agents and robust legal guardrails
mean that anyone can get **approved redlines in minutes**.

INTELLIGENT REPOSITORY

All your contract data
at your fingertips

Why waste time hunting for documents and obligations manually?
Let **AI** do the heavy lifting and get the **actionable data** you need
for **watertight governance**.

The only AI contract platform that
helps business teams self-serve on
contracts from the tools they use
every day.

LOVED BY THE WHOLE BUSINESS, NOT JUST LEGAL.

"One of the other amazing things about Juro is that the sales team can
self-serve and take a lot of the initial burden off of the legal team"

Verified G2 review, November 2024

"Juro has really a wide array of features that really help streamline the
contracting process and saves time from both legal and sales teams"

Verified G2 review, February 2025

"Juro is easy to use, and once set-up, allows our Sales team to create and
send contracts with a few clicks"

Verified G2 review, November 2024
