

Education Assistance Benefits for the Modern Workforce

Tuition.io is a single platform solution to attract, retain and develop talent.

Tuition.io is a comprehensive platform for Education Assistance Benefits. Our product suite is modular and configurable to enable employers to align their plan designs to workforce goals, such as recruiting, turnover reduction, and filling critical roles.

We serve employers in all industries, including healthcare, retail, manufacturing, government and education. We also support brokers and benefit advisors to develop solutions for their employer clients.

Education Assistance Benefits are essential to a Financial Wellness program.

✓ Tuition Assistance

Automates the administration of tuition assistance benefits (e.g., Reimbursement, Prepayment, Certifications, Scholarships, Specialized Programs), and includes Education Mentoring services. On-demand reports and analytics to optimize program design to achieve intended workforce outcomes.

✓ Student Loan Repayment Assistance

End-to-end administration of employer contributions to the student loans of their employees, helping to offset their monthly obligation or repay their student loan debt faster. Highly effective and differentiated benefit to attract and retain talent.

✓ Secure 2.0 Retirement Match

Our Secure Your Future solution administers a 401(k), 403(b) or 457(c) retirement plan match of qualified student loan payments (QSLP) by their employees. Effectively enables employees burdened by student loan debt to participate in the employers' retirement plan.

✓ Student Loan Wellness

Guided interface for employees to manage their student loan debt in one place. Includes proprietary loan linking platform, tools to identify optimal repayment strategies, and educational resources ("TurboTax" for student loans). Unlimited invites to family members.

✓ Public Service Loan Forgiveness

Supports employees working for non-profit organizations to qualify for loan forgiveness. Monitors loan payments, income recertification, and required form submissions. Digitizes administration of annual employment certification. Life changing impact to employees by reducing monthly payments and achieving maximum loan forgiveness through their continued employment.

✓ Unlimited 1:1 Loan Coaching

We supplement our technology with highly educated and specifically trained student loan coaches. Experts help employees and their family members with questions about delinquency, default, loan forgiveness (incl. PSLF), refinancing, repayment plans, affordability, and more.
