

Blackbaud Grantmaking™

Blackbaud Grantmaking™ helps grantmaking organizations give more effectively by providing a holistic view into all grantmaking activities, in a highly configurable environment. Manage your entire workflow, from online applications, to grant review, approval, payments, and communications with all grantee partners, in one tool. The resulting insights can connect you to new collaborative opportunities, workflow efficiencies, and combined data that can power a stronger story for your organization. Decrease the time between application and approval, and increase your impact.

With Blackbaud Grantmaking, your organization will see the following benefits of cloud-based, configurable grants software:

Increase efficiency

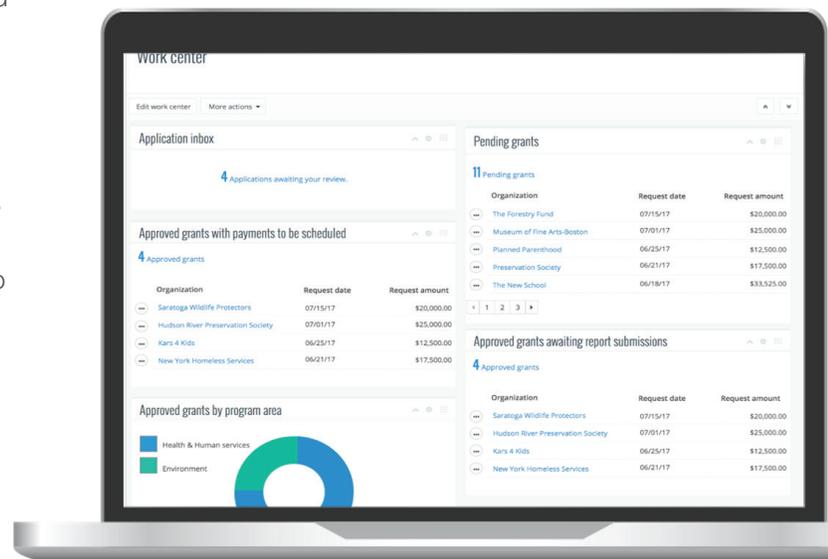

Smart workflows optimized from over 30 years of experience enable staffers to spend less time on administrative tasks and more time applying their expertise where it really matters.

Produce more meaningful results

Blackbaud Grantmaking can be configured to align with and support the achievement of your philanthropic goals. Real-time, anywhere access to giving data combined with dashboards and powerful reporting tools help you to understand and share results.

Drive collaborative impact

Utilize data to identify new funding opportunities, and improve giving processes. With 360 reporting that accounts for financial data, identify new internal opportunities for collaboration as well.

Blackbaud Grantmaking™ delivers the configurability you need to enhance every aspect of your grantmaking.

Empower applicants and grantees.

Applicants submit using online forms that prescreen for eligibility based on your specific requirements. Clearly defined requirements ensure that applicants provide complete documentation. Grantees send progress and final reports more easily and faster online. Automatic email alerts keep reporting schedules on track and simplify communications for grantees.

Use integrated tools to simplify budgeting and financial management.

Create payment schedules, link payments to a fund or your general ledger, and view payment forecasts. Allocate funds and view real-time budget, commitment, balance, and payment data. Generate one-click budget reports from your personalized homepage.

Capture, search, and manage grant data easily.

Data is entered once and incorporated into your workflow. View and review data on charts, track grantee history, and create reports on virtually any aspect of your giving. Keep track of documents by linking them to specific grants or organizations.

Accelerate and enhance reviews.

Automatically track assigned proposals, collect reviews, and organize feedback. Internal staff and external subject matter experts review proposals and provide comments online. Reviewers access only authorized information. Tailored online reviews ensure that you receive complete and consistent feedback.

Measure and understand results.

Leverage the integrated data within Blackbaud Grantmaking. With instant access to your entire giving portfolio, you can more effectively measure the impact of your giving. You can easily assess how the results of your giving are contributing to your organization's mission.

Keep board members updated.

User friendly homepages are custom-configured to give board members anywhere, anytime access to a visual snapshot of the data that is relevant to them. Save yourself and your board time by giving board members more direct access to information.

Make better decisions.

Slice and dice data, and use reporting tools to gain a deeper understanding of your grantmaking. Apply insight and your expertise to look for ways to make your giving more effective.
