The platform of choice for tomorrow's companies

Sapling is a People Ops platform that manages everything from onboarding to offboarding.

Our platform helps HR and People Operations teams automate and streamline administrative tasks so they can focus on employee experience, retention, and creating an amazing culture for the most successful teams.

Why Companies choose Sapling?

Sapling gives you intuitive tools, deep integrations, and an overall experience that employees love. Thanks to our best of breed approach, you can avoid vendor lock-ins that come with all-in-one solutions.

You can swap ATS systems, payroll providers, and more as you grow without having to move your core HR processes like onboarding, offboarding, promotions, or relocations.

Deep Integrations to your favorite tools

+100 integration partners.

Supporting people teams from the world's best companies

1,000+ people leaders trust Sapling to automate their onboarding, connect their tools and deliver an amazing employee experience
