SWTAD
SINGAPORE UNIVERSITY OF
TECHNOLOGY AND DESIGN

"It's been a breeze to use ArcLab's platform as all the features are very user friendly. With the latest updates, it's even easier for the administrator to create and design a module for an engaging user experience!"

Ms Adeline Wang – Assistant Director (HR & OD), Singapore University of Technology & Design

Train

Help your workforce to continuously upskill
and be ready to perform

Provide them with on-the-job Nano
Learning Anytime. Anywhere

Create required training for compliance

Just-in-Time with ArcLab

Business 
Academia

“ArcLab is the best Nano Learning platform for you. It is intuitive, easy to use. ArcLab is listening to its clients and uses feedback to further iterate and improve its existing platform.”

Ms Alina Rusu – Founder and L&D Director, Business Academia

Understand

ArcLab is so simple for your workforce

Use ArcLab's extensive Nano Learning screen templates

Conduct Pulse surveys, Employee Appraisals, Peer Reviews.

Track responses and analyse data

"With ArcLab's simple User Experience & Interface, modules can be finished in one minute on learners' smartphones."

Mr Akmal Abdul Rahman – CEO, Tinkertanker

Support

Provide each staff with their individual **Standard Operating Procedures (SOPs), Product Manuals and other Performance Support Materials**

All available on their smartphone

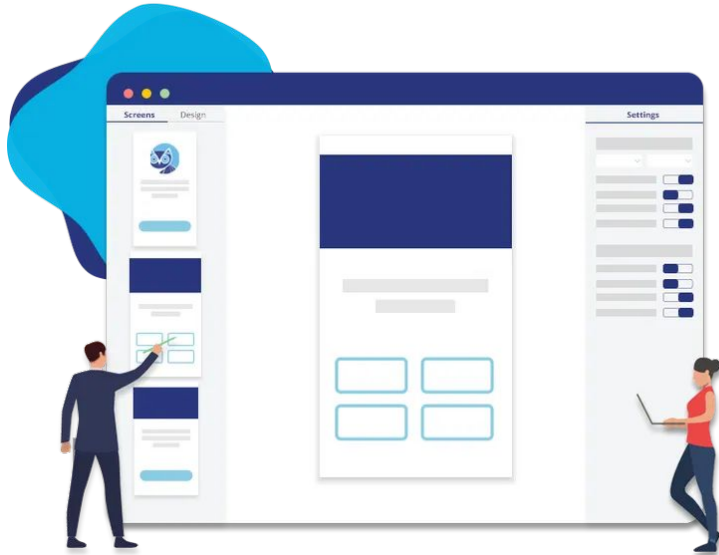

"With over 1,600 employees, of whom many are aged 40 to 60years old and speak predominantly Mandarin and/or various dialects, ArcLab is a cost-effective solution that could overcome language barriers, ensure consistency in training, and provide the ability to track each employee's learning progress"

Mr Mervin Lee – VP (Corporate Development Group), Fei Siong Group
