

# Book Air Cargo with Airlines Directly...In Just Seconds

One-stop air cargo booking and payment across top global airlines. No airline account or IATA license needed.

Export and import cargo eBookings available with top carriers like:

## Features

FREE

### Instantly compare and book rates with airlines

**Build direct airline relationship** instead of going through third-party agents or co-loaders

- **24/7 access** to real-time capacities and rates directly from airlines, no mark up or differential added
- Instant **airline confirmation** and industry-leading **acceptance rate** > 95%
- Support for **general cargo, free-sale ULDs, temperature-controlled, express shipments** and more
- Leverage **AWB stock, auto-AWB options** or **direct eAWB integration**
- Easy and quick onboarding, **no IATA license, airline accounts** or **bank guarantees required**

### Pay what you book and nothing more

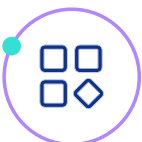

• Easy, accurate **payment reconciliation**, with real-time updates from airline APIs

- **Top up your account** ahead of time using bank transfers, credit and debit cards
- **Accessible credit lines** with net terms of 15, 30 or 60 days
- Avoid costly CASS/CNS guarantees or reconciliation headaches - **what you book is what you pay**
- **Simple, transparent** WebCargo fee structure

### Get your quoting game on with adds ons like...

PAID

- Instantly generated **customized, branded quotes** for customers with a click
- Improve performance by tracking **quotations and win-rates**
- **Easily upload rates**, including airport-to-airport pricing and local charges, from your agents and partners globally
- Buy from partners or overseas offices with powerful **delegation capabilities**
- Access **tools** like airline schedules, airport maps and more

“With WebCargo, we can easily book with and pay in ten minutes on airlines that we were not able to work with directly before.”

**Nirav Gandhi**  
Managing Director
