

# Check-In & Badge Printing

Leverage our event technology to wow your guests with a fast and stress-free check-in experience. Our easy-to-use mobile apps and built-in badge printing functionality offer a seamless event check-in for both event staff and guests.

## Contactless Check-In

Provide guests with a safe, touch-less check-in experience. Scan their unique QR code or to look them up by name. Reduce check-in time even more by offering guests self-service check-in kiosks.

## On-Demand Badge Printing

Design professional badges and print them on demand as you check guests in. They can also print out their own badges as they check themselves in

## Real Time Attendance Tracking

Check-ins sync automatically across the Accelevents platform. We also integrate with leading CRMs such as HubSpot and Salesforce, so you can effortlessly track attendance and route registrant data to any system in your tech stack.

**Why Accelevents:** Accelevents enterprise-grade event management platform is easy to set up and manage. Our intuitive, user-friendly check-in features do not require time-consuming onsite training for your event staff. We also offer 24/7 customer support, so if you need help we'll respond within 30 seconds.

## Accelevents Mobile Apps For A Faster Check-In

Our free iPhone & Android mobile apps facilitate a faster, easier check-in experience. Guests arrive at the event with a unique QR code stored in the **Attendee App**. Event staff use the **Admin App** to scan the QR code and print a badge.

Have last minute registrations? Accept payments and get them registered with the **Admin App**.

Over 12,500 companies and organizations trust Accelevents with their events.
