Reliable Communication

SMS Notifications are a fast, secure and established way to communicate vital information.

Works on any device

SMS Notifications work on any device, regardless of brand, age or operating system.

No technical knowledge required

People receive SMS Notifications instantly: no installation, configuration or login required.

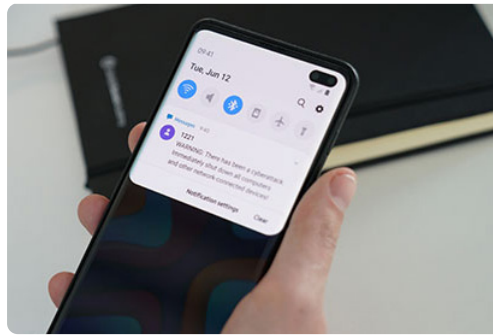

Unlimited recipients

Hundreds, thousands or even millions – with SMS Notifications you reach an unlimited amount of recipients.

See this powerful tool in action

What you see is what you get. Get a glimpse below of what our SMS Notifications have to offer and how this tool can be used to keep your employees informed, engaged, productive, and safe.

“

“We use Netpresenter not only to quickly and easily share the latest company news but also **crucial information**. Even in the event of bad weather or an incident, you can **extremely effective** about that by sending out a notification.”

Jasmijn Stolk

Manager Marketing & Communications at Hertel Netherlands
