

## The Only Global Payables Automation Platform That Scales With You

Tipalti provides a unified global payables solution to enable businesses and finance departments to automate and scale their payables operations effortlessly as they adapt their businesses to changing needs while focusing more on mission-critical initiatives. With Tipalti, businesses will never again need to implement another system, spend valuable time managing payables, or hire resources to keep supporting accounts payable.

### Scale Rapidly Without Adding Resources

Tipalti's end-to-end accounts payable platform provides the infrastructure for long-term success, so you don't have to keep throwing more resources at it as you grow

### Wipe Out 80% of Payables Workload

Smart Automation makes the AP process invisible by cutting out the manual work. Align resources to focus on mission-critical activities instead of back-office financial operations

### Eliminate Financial and Compliance Risk

KPMG-approved W-9/W-8 tax compliance, audit trails, approval workflows, role-based views and OFAC/AML screening, GDPR Compliant are just a few of the capabilities to mitigate risk and fraud

### Attract and Retain Your Best Partners

Tipalti provides a best-in-class partner payments experience, delivering a white-labeled experience with fast payments, global coverage across 196 countries, 120 currencies, 6 payment methods and unparalleled partner visibility

### Accelerate Financial Close By 25%

Payment methods, currencies, subsidiaries, and geographies are combined and reconciled in real-time for instant visibility. Detailed transaction and reconciliation reports are integrated with your ERP system to provide a consolidated view of all payable accounts

We're helping over 2,000 customers make payments to over 4 million suppliers. With a 99% retention rate, Tipalti is the best-reviewed payables automation platform for modern, high-velocity businesses
