

NetSuite ERP for Home Furnishing Businesses

*A Unified Approach to Scale Your
Home Furnishing Business.*

Capitalize Your Business on global opportunities

Successful Home Furnishing businesses recognize that modernizing back – office technologies is crucial in capturing opportunities.

NetSuite ERP provides a single system to provide a complete & transparent platform for distributors to unify back-end processes and eliminate siloed data.

Stay ahead of Competition with A Unified Solution

Adopt an online system to improve internal business processes and improve the customer journey.

Modernize your business with a complete end – to – end enterprise resource planning system, tailored as per your business needs & demands.

Multiple benefits with just 1 ERP solution:

Financial management:

Automate the entire order-to-cash process, streamline the procure-to-pay & record-to-report processes.

Inventory management:

Gain real-time control over inventory replenishment, keep sufficient stock on hand while keeping excess stock to a minimum.

Demand planning:

Gain insights into understanding product demand based on historical demand or sales forecasts.

Procurement:

Manage vendor relationships, streamline & improve source – to – pay processes, automate and link key transactions and establish matching workflows to meet compliance guidelines.

Supply Chain Management (SCM):

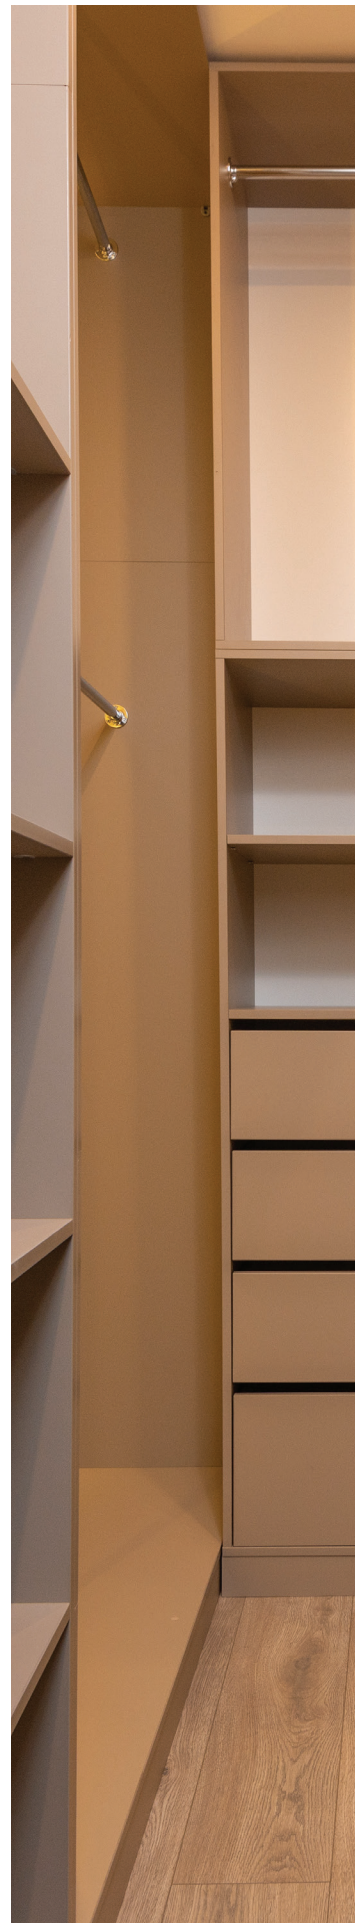

Ease Supply Chain Management processes including: Product data management, Supply chain control tower & Inbound shipment management.

Multiple entity management & consolidation:

Easily meet the accounting needs of local/global operations & conveniently adapt to the latest accounting standards and regulations.

Ecommerce:

Create a unique and personalized compelling mobile & web experience for B2C & B2B sales.

Human Capital Management (HCM):

Streamline employee information, new hires, employee onboarding, payroll, promotions & compensation changes from a single source.

Customer Relationship Management (CRM):

Gain insights across the entire customer lifecycle—from lead all the way through opportunity, sales order, fulfillment, renewal, upsell, cross-sell & support.

SuiteCloud Development Platform:

Customized mobile applications for all unique business areas such as field service, sales & warehousing—regardless of the mobile platform your organization uses.
