

# Secure Remote File Access

✓HIPAA ✓FIPS ✓GDPR  
✓Data Leak Prevention

MyWorkDrive gives you secure remote access to Windows File Shares without VPN using your existing Windows File Server & Active Directory infrastructure.

## Why MyWorkDrive

- Easy & Secure Remote Access to Work Files
- No Migration to new systems needed
- Replace VPN while increasing security
- Stop Data Breaches with Data Leak Prevention
- Edit Files in Office 365 stored on your own Server
- Single Sign On (SSO) ADFS/SAML Integration

Secure File Access
