

Payments Built to Power Your Business

Seamless, secure payment experiences that simplify operations and support growth

Payments should work as seamlessly as the systems that run your business. Fortis delivers integrated payment experiences that simplify workflows, improve cash flow, and support long-term growth. With flexible payment options and a dedicated service approach, Fortis helps businesses turn payments into a competitive advantage.

Features

Integrated Payments That Fit Your Workflow

Process payments directly within your existing systems to reduce friction and eliminate manual steps.

Less Manual Work, Fewer Errors

Reduce duplicate data entry and reconciliation with payments designed to sync across your business operations.

More Ways to Get Paid

Accept cards, ACH, and digital payments across in-person and online channels, making it easier for customers to pay.

Secure & Compliant Processing

Protect your business with secure payment technology built to simplify compliance and reduce risk.

Faster, More Predictable Cash Flow

Improve cash flow with streamlined payment processing and faster access to funds.

A Partner Focused on Your Success

Work with a dedicated payments team that supports your business today and scales with you tomorrow.
