

Real Results with ER/Studio: What Teams Are Achieving

ER/Studio isn't just a modeling tool, it's how enterprise teams work smarter, faster, and with more confidence. Across industries, customers are cutting documentation time, accelerating delivery, improving data quality, and staying compliant, without the drag of manual rework or siloed systems.

Below is a snapshot of real, quantifiable success stories from enterprise teams using ER/Studio to standardize metadata, govern data assets, and build scalable architectures for the future.

 Customer	 Industry	 Results
	Healthcare	<ul style="list-style-type: none"> • \$250K in annual compliance savings • 85% faster compliance reporting • 80% reduction in cataloging time • 30% productivity gain • 40% fewer data errors
	Insurance / Financial	<ul style="list-style-type: none"> • 45% faster model updates • 30% productivity gain • 40% fewer data errors
	Mining / Industrial	<ul style="list-style-type: none"> • 25 hours/month saved on coordination • 30% productivity gain • 35% more accurate models • 40% faster compliance reporting
	Marketing / Retail	<ul style="list-style-type: none"> • 25% productivity gain • 40% faster understanding of structures • 30% more transparency • 35% improvement in reporting consistency

Customer	Industry	Results
	Energy	<ul style="list-style-type: none"> • 30% less manual modeling time • 20–30% less time on data management • 50% better cross-team collaboration • 20% lower compliance risk
	Transportation & Logistics	<ul style="list-style-type: none"> • 30% better data quality • 25% faster data access • 40% shorter onboarding time • 20% boost in operational efficiency
	Financial Services	<ul style="list-style-type: none"> • 30% increase in developer productivity • 50% fewer data errors
	Healthcare	<ul style="list-style-type: none"> • 25% fewer data silos • 30% faster compliance reporting • 40% faster data processing • 100% HIPAA compliance • Scaled for 5x data growth

“
Nothing else we looked at compared to ER/Studio... Describing source systems, managing data stores at the subject-area level, maintaining the master data reference and dictionaries, and proving lineage to the data – ER/Studio can do all that.
 ”

- Protective Life

Proof. Performance. Potential.

From slashing compliance reporting from 12 months to 25 minutes, to cutting data errors by 70%, ER/Studio helps teams move faster, work smarter, and deliver trusted results. These aren't one-off wins, they're proven outcomes you can count on.
