

Selling customizable products made easy with CIS

CIS-CPQ is a web-based quote management application that is ideal for organizations who want to automate the quoting process for its internal and external sales personal, resellers, dealers and customers.

- Quotes generated in minutes
- Centralized lookup for all quote activity
- Professional quotes in PDF format instantly
- Uses product knowledge stored in CPQ

Quotes containing configured and stock items are created, edited, revised and copied quickly, all stored in one centralized location.

- **Configure Price Quote (CPQ)**
- **Browser, Web & Intranet**
- **Build to order**
- **Configured orders created speedily and accurately**
- **Rule based dependencies**
- **Easy to use**
- **Programming experience not required**
- **Graphical representation of a configured item**
- **MS SQL database**
- **Models and quote revisions**
- **On Premise or Hosted**
