How Hotelogix PMS is Unique

Revolutionary Front Desk Interface

Designed after extensive research and development, the heart of Hotelogix PMS is what hoteliers swear by for its simplicity.

Single-point Dashboard for Hotel Chains

Manage multiple hotel properties with Management/Super Admin/Admin logins and empower your CRO with single sign-on access.

Responsive Multi-device Interface

Go mobile as our system is tablet-friendly and also offers a mobile-compatible website booking engine.

Comprehensive Rate Management

Creating seasonal rates and packages, managing daily rates and applying a particular rate on all sources centrally made easy.

Integrated Online Distribution

Connect to all online channels of sales and marketing to distribute room inventory in a seamless way.

Just 1 Minute to Start Experiencing

Our automated setup wizard is an industry-first, allowing you to get your property on the Cloud almost instantly.
